

## FINEO FO 15 U-bracket

Artikelnummer: (schwarz) 1008030, (weiß/RAL\*) 1008103

The FO 15 U-bracket can be used to mount a FO 15 speaker on a ceiling horizontally. The bracket is easy to install on the top and bottom of the cabinet by hanging it into hook openings.

The tilt angle can be adjusted in 10° increments. This means the speaker can be installed quickly and by just one person.

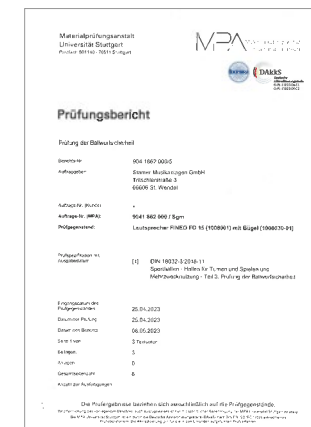

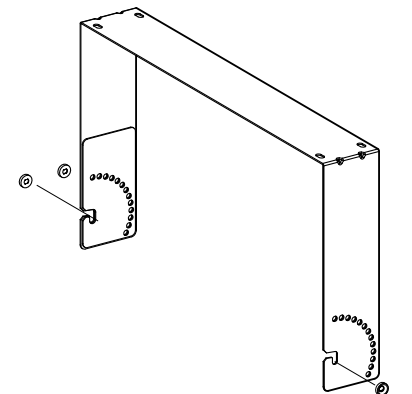

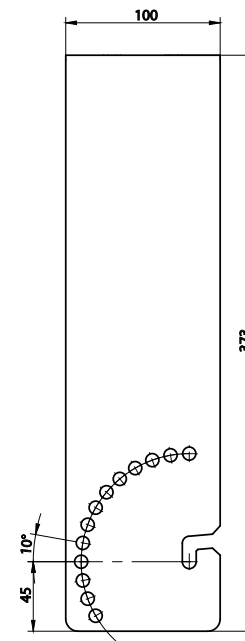

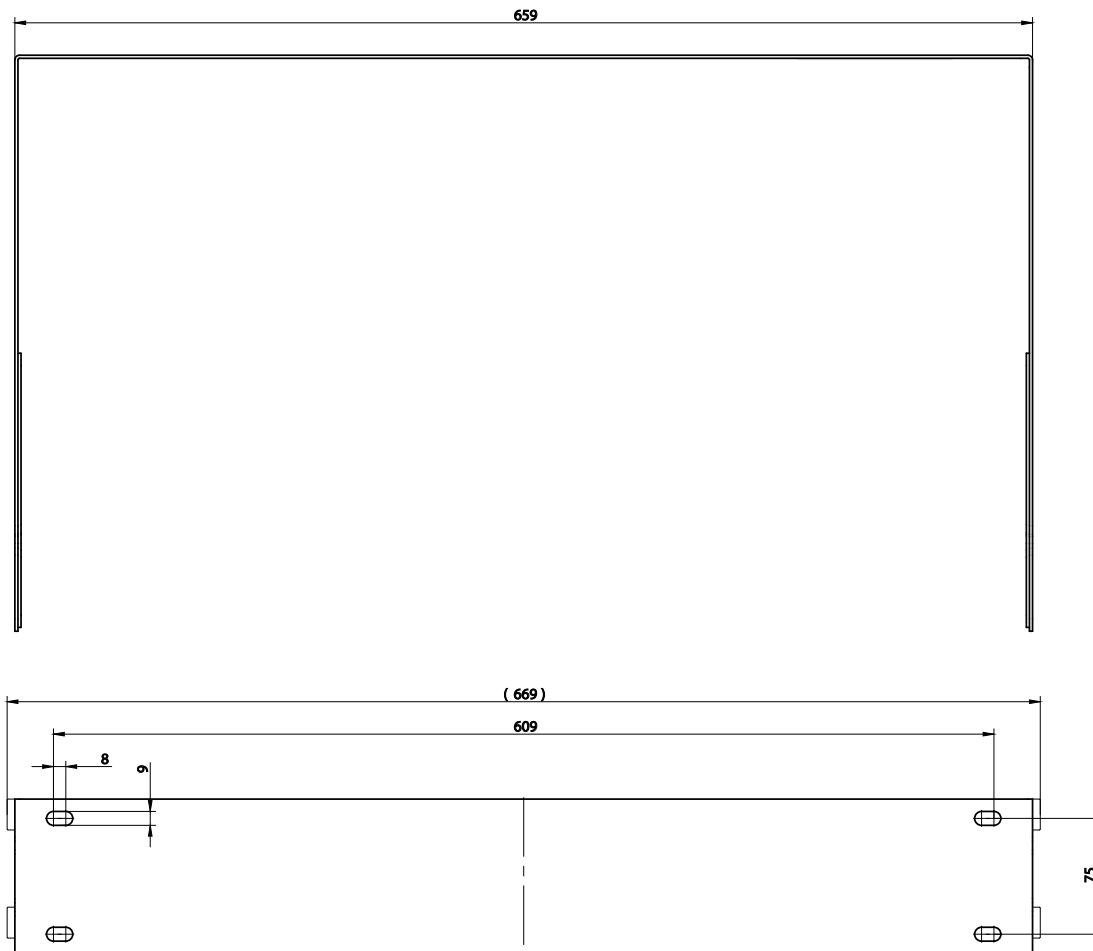

The FO 15 U-bracket is made of high-strength steel and covered with a powder coating. Just like the speaker, the U-bracket also has a ball-impact resistance certificate in line with DIN 18032-3.
