

## FINEO FO 8 U-bracket

**Article number:** (black) 1008027, (white/RAL\*) 1008100

The FO 8 U-bracket can be used to mount a FO 8 speaker on a ceiling horizontally. The bracket is easy to install on the top and bottom of the cabinet by hanging it into hook openings.

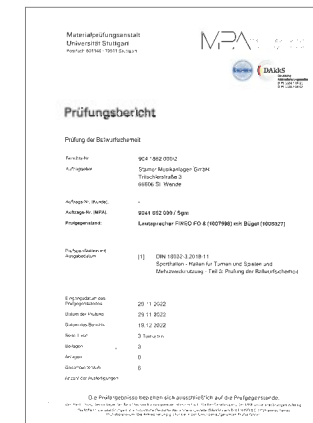

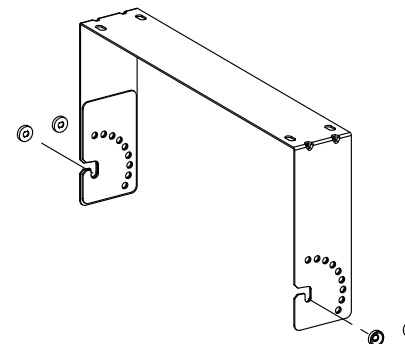

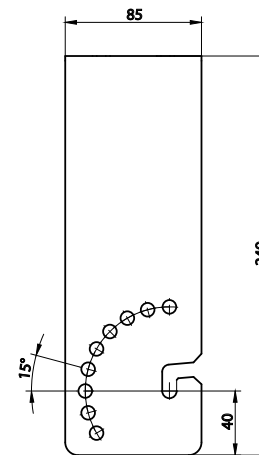

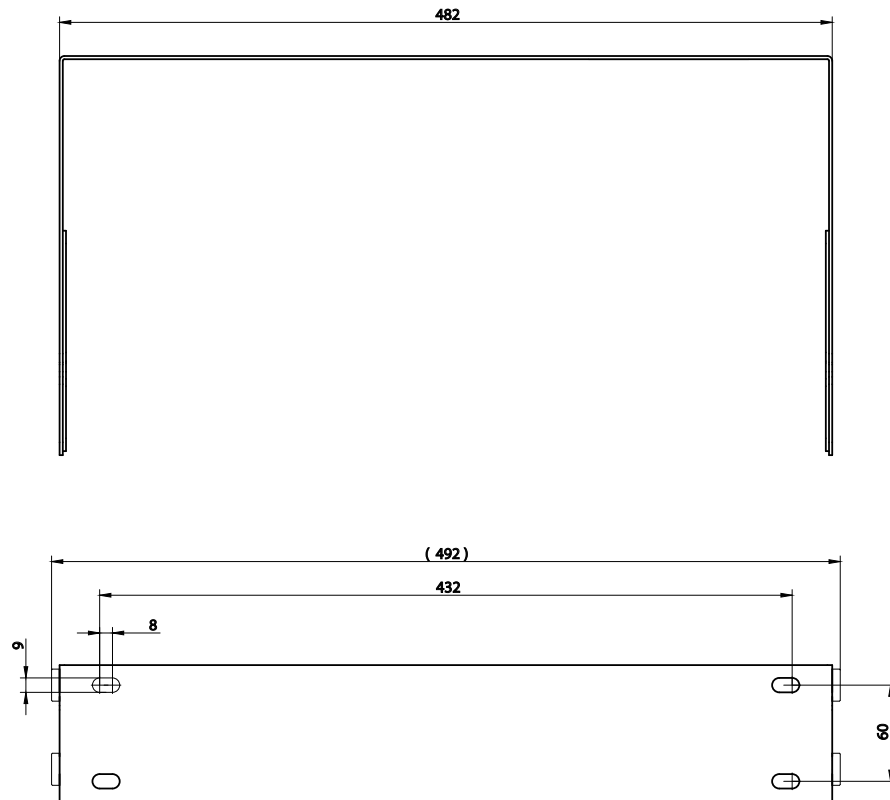

The tilt angle can be adjusted in 15° increments. This means the speaker can be installed quickly and by just one person.

The FO 8 U-bracket is made of high-strength steel and covered with a powder coating. Just like the speaker, the U-bracket also has a ball-impact resistance certificate in line with DIN 18032-3.
